

# **KYC Norms - Retail Customers**

## **Officially Valid Documents**

Passport, driving licence, Aadhaar (voluntary, redacted), Voter ID, and NREGA job card are accepted as OVDs. A deemed OVD with an updated address may be submitted within three months where the OVD address is outdated.

## **Periodic Updation**

Re-KYC is due every 2 years for high-risk customers, every 8 years for medium-risk, and every 10 years for low-risk. A customer with no change may submit a self-declaration through the mobile app or at any branch.

## **Failure to Comply**

Where a customer does not complete periodic updation after three notices, partial freezing is applied - credits allowed, debits blocked - followed by full freezing after six months.

## **Video-based Customer Identification (V-CIP)**

V-CIP may be used for account opening subject to an official conducting a live, consented session, capturing a live photograph, and verifying PAN online.
